About Chariot

Chariot is an African focused transitional energy group with two business streams, Transitional Gas and Power.

Chariot Transitional Gas is a high value, low risk gas development project with strong ESG credentials in a fast-growing emerging economy with a clear route to early monetisation, delivery of free cashflow and material exploration upside. Chariot Transitional Power, looking to transform the energy market for mining operations in Africa, providing a giant largely untapped market with cleaner, sustainable, and more reliable power. Additionally in September 2021, Chariot announced its partnership with the Government of Mauritania for the potential development of a large-scale green hydrogen project.

The ordinary shares of Chariot Limited are admitted to trading on the AIM under the symbol 'CHAR'.
