Chariot Limited

(“Chariot”, the “Company” or the “Group”)

19 July 2024

**Proposed Placing and Subscription to raise approximately US\$6 million (£4.6 million)
and Open Offer to raise up to US\$2 million (£1.5 million)**

Chariot (AIM: CHAR), the Africa focused transitional energy company, is pleased to announce its intention to undertake a fundraising by way of a placing (the “**Placing**”) and a direct subscription (the “**Subscription**”) of, in aggregate, approximately US\$6 million (£4.6 million) net of expenses and an open offer (the “**Open Offer**”) of up to US\$2 million (£1.5 million) (the Placing, Subscription and Open Offer together the “**Fundraising**”). Pursuant to the Fundraising, it is estimated that the Company will issue approximately 71,445,582 new Ordinary Shares pursuant to the Placing and the Subscription and up to 23,815,194 new Ordinary Shares pursuant to the Open Offer, in each case at an issue price of 6.5 pence per share (the “**Issue Price**”).

The Placing will be conducted in accordance with the terms and conditions set out in Appendix 2 to this announcement (this “**Announcement**”) by way of an accelerated bookbuild (“**Bookbuild**” or “**ABB**”) at the Issue Price which will be launched immediately following this Announcement. The timing of the closing of the Bookbuild and the allocations are at the absolute discretion of Cavendish Capital Markets Limited and Stifel Nicolaus Europe Limited (together, the “**Joint Bookrunners**”) and the Company. The results of the Placing and Subscription will be announced as soon as practicable after the close of the Bookbuild. The Placing is not being underwritten.

As part of the Fundraising, the Company proposes to raise up to US\$2 million (£1.5 million) by the issue of New Ordinary Shares pursuant to an Open Offer to Qualifying Shareholders at the Issue Price.

Highlights:

- The net proceeds of the Fundraising will be used as follows in order to:
 - Strengthen the balance sheet to continue to progress and deliver value from Chariot’s portfolio of projects
 - Secure a material new venture opportunity with multi-billion barrel potential
 - Progress onshore gas commercialisation plans in Morocco to build a gas to industry supply

- As well as securing the new venture opportunity, other key near term catalysts include the offshore drilling and testing of the Anchois-East well in partnership with Energean which is expected to commence mid-August 2024 with the objective to unlock a final investment decision (“FID”) on the development, and a flow test on the gas discovery in the onshore Loukos licence, also planned for Q3 2024.
- As part of the Subscription, certain Directors and senior managers of the Company intend to subscribe for New Ordinary Shares for approximately US\$1 million (£0.8 million), of which Adonis Pouroulis intends to subscribe for approximately US\$0.7 million (£0.5 million).
- Open Offer on the basis of 1 Open Offer Share for every 46 Existing Ordinary Shares held¹.
- Following the close of the Bookbuild, the Company expects to send the Circular, containing a notice of General Meeting, on or about 24 July 2024. Full details of the Open Offer, a proxy form and (where applicable) an Open Offer application form will also be included within, or sent with, the Circular.

¹ In the event that the rate of British Pounds Sterling to United States Dollars fluctuates significantly before the date of the Circular, the number of Open Offer Shares issued may change.

Commenting on the Fundraising, Adonis Pouroulis, CEO of Chariot, said:

“Chariot has a number of key catalysts coming up over the next few months that have the potential to transform the growth profile of the business. The next step for our offshore acreage is the drilling and testing of the Anchois-East well offshore Morocco, in partnership with Energean, which will commence mid-August. With this multi-objective well we are looking to upscale the development of the Anchois gas project by testing two undrilled gas sands with the potential to increase the field resources by 60%, and to move to a Final Investment Decision as quickly as possible. Our flow test at the OBA-1 well on the Loukos licence planned in Q3 will also inform our forward programme onshore, as we look to unlock and develop an early commercial opportunity here, through our recently announced partnership with Vivo.

Concurrently, we are progressing with the financing of our Transitional Power division which would provide a direct look-through valuation for this business and importantly unlocks large-scale renewable projects in South Africa and expansion of Etana, our electricity trading platform.

Beyond our existing portfolio, following the successful deal with Energean, the Chariot team have been evaluating a number of material new venture opportunities. We have identified a priority target which if successfully secured, would bring material scale to our portfolio and we look forward to providing updates on these developments as soon as we are able to.”

The New Ordinary Shares issued pursuant to the Fundraising will be issued as fully paid and will rank *pari passu* in all respects with each other and with the Existing Ordinary Shares from their admission to trading on AIM.

The Fundraising is conditional, inter alia, upon the passing of the Resolutions (as defined below) at the General Meeting, on admission of the New Ordinary Shares to trading on AIM becoming effective and the Placing and Open Offer Agreement not being terminated in accordance with its terms.

Shareholders should be aware that if the Resolutions are not approved at the General Meeting, neither the Placing, the Subscription nor the Open Offer will proceed.

Assuming the Open Offer is allocated in full and US\$8 million is raised pursuant to the Placing and Subscription, the New Ordinary Shares will represent approximately 8.9 per cent. of the Company's issued share capital prior to the Fundraising. The Issue Price of 6.5 pence per New Ordinary Share represents a discount of approximately 13.3% to the closing mid-market price of 7.5 pence per Ordinary Share on 18 July 2024, being the last trading day immediately preceding the date of this Announcement.

Appendix 1 and Appendix 2 form part of this Announcement. A timetable of principal events is set out in Appendix 1. Capitalised terms have the meaning set out in Appendix 3 to this Announcement.

NOTES FOR EDITORS:

About Chariot

Chariot is an Africa focused transitional energy group with three business streams: Transitional Gas, Transitional Power and Green Hydrogen.

Chariot Transitional Gas is focused on high value, low risk gas development projects in Morocco, a fast-growing emerging economy, with a clear route to early monetisation, delivery of free cash flow and material exploration upside.

Chariot Transitional Power is focused on providing competitive, sustainable and reliable energy and water solutions across the continent through building, generating and trading renewable power.

Chariot Green Hydrogen is partnering with TEH2 (80% owned by TotalEnergies, 20% by the EREN Group) and the Government of Mauritania on the potential development of a 10GW green hydrogen project, Project Nour in Mauritania, and is progressing pilot projects in Morocco.

The ordinary shares of Chariot Limited are admitted to trading on AIM under the symbol 'CHAR'.

Background to and Reasons for the Fundraising

Chariot is an Africa-focused transitional energy group that is developing scalable energy projects across its three business pillars: Transitional Gas, Transitional Power and Green Hydrogen. Chariot's core focus is to generate near term cash flows from its gas assets in order to return capital to shareholders whilst continuing to build and develop its longer-term project pipeline.

Transitional Gas

Within this pillar, Chariot is focused on the growth and commercialisation of low-risk gas plays in Morocco that are ideally located to serve attractive domestic and European markets. The Company's primary focus is to reach first gas, generate revenues from the assets in this business and return capital to shareholders.

Chariot has a significant footprint in Morocco having been a pioneer of the exploration and development of its gas industry in recent years. Offshore, Chariot holds material stakes in the Lixus and Rissana licences, where it is developing the Anchois Gas discovery (located in the Lixus licence) in partnership with Energean plc ("Energean"). Chariot also holds and operates the adjacent onshore Loukos licence where it recently announced a gas discovery in the OBA-1 well at the Dartois prospect. All licences are held in partnership with the Office National des Hydrocarbures et des Mines ("ONHYM") who hold a 25% interest.

Lixus and Rissana Offshore licences (*Energean, Operator, 45% in Lixus and 37.5% in Rissana, Chariot 30% and 37.5% respectively, ONHYM 25% stake*):

The Anchois Gas Development Project

Following the successful drilling of the Anchois-2 well in 2022, Chariot materially increased the total recoverable resource potential (combination of 2C and 2U contingent and prospective resources) of the field to 1.4 Tcf, completed an initial Front End Engineering and Design development plan, EIA approval and secured a highly experienced partner to progress the development of what is Morocco's largest gas discovery.

Having undertaken a competitive partnering process on its Moroccan offshore acreage last year, Chariot announced the partnership with Energean on the Lixus and Rissana licences in December 2023. Energean is a FTSE-250 company with a strong track record in delivering similar offshore developments and they acquired operatorship in April 2024 having received all the requisite Moroccan approvals. The Chariot and Energean teams have been working closely together on well planning and the partnership is very much aligned in its strategy and focus to look to upscale the project from day one to monetise and generate cashflows as quickly as possible.

A drilling and testing campaign is scheduled to commence in mid-August 2024. The Anchois-East well will be a multi-objective well, encompassing an appraisal of the discovered sands of the field, exploring deeper targets and also carrying out a flow test on the main gas bearing sands. This well will be suspended for use as a potential future producer and an optional second well is also possible in Q4

2024. The overriding objective is to deliver a larger development and work is already underway around expanding elements of the original FEED that Chariot completed in 2023 whilst also progressing gas commercialisation agreements. It is of note that a larger development would result in a material increase in value but additional initial capex requirements would be relatively small.

The subsea-to-shore development as planned includes three initial producer wells, the existing Anchois-2 well, including the upcoming Anchois-East well and potentially the optional second well so the work in this upcoming campaign will significantly contribute to the first phase of the overall development scheme.

Subject to a successful drilling outcome, the partnership is looking to reach a final investment decision (“FID”) as quickly as possible, for which a further \$15 million is payable to Chariot. Whilst the partnership is confident of success, FID on Anchois is dependent on a range of factors which are outside of the Company’s control including results of the Anchois East drilling, commercial negotiations on gas offtake, design and cost of development scheme and financing, the outcomes of which are not certain. Any potential delay in FID and its associated cash inflows would necessitate appropriate management actions to mitigate.

Surrounding Anchois, Chariot has identified an attractive portfolio of follow-on targets, which can be tied back directly into the development. Further exploration is also planned in the Rissana licence where giant plays have been mapped, with multi-Tcf potential locked up in deeper exploration targets that will be the focus of future seismic acquisition.

Loukos Onshore Licence (Chariot, Operator, 75%, ONYHM, 25%)

Chariot was awarded the Loukos Onshore licence, directly adjacent to Chariot’s offshore acreage, in July 2023. The team planned and successfully executed a two well drilling campaign within 10 months of licence award, completing this safely, efficiently, on time and on budget in May 2024. The first well of this campaign was the RKZ-1 well located on the Gaufrette prospect. The main target was found on prognosis with thick intervals of reservoir exceeding pre-drill expectations as well as multiple gas shows. The reservoir was mainly water bearing however, likely due to a prospect specific trap failure, so this well was deemed subeconomic.

The second target, the OBA-1 well which was drilled on the Dartois prospect, was confirmed as a gas discovery. This targeted a different reservoir system and trapping style and reported reservoir sands over a 200m interval with 70m containing elevated resistivities and potential pays. A flow test is now being planned for Q3 2024. Post well analysis is underway, integrating the drilling data along with recently reprocessed 2D and 3D seismic and information from previous discoveries on block. This rich data set, along with the flow test, will all be incorporated to further understand the future exploration potential of this area and forward work programme.

Future Gas Commercialisation

Chariot recently announced a gas commercialisation Heads of Terms agreement with Vivo Energy which provides a direct route for offtake and the opportunity to rapidly commercialise future production from Loukos. This agreement also sets out the steps of building out a midstream partnership, providing both parties exposure to an additional income stream.

Vivo Energy is a market-leading, pan-African retailer and distributor of high-quality fuels and lubricants with a long-standing presence in Morocco's petroleum products' sector. This agreement further leverages Chariot's portfolio and upstream expertise and complements Vivo's existing customer base and extensive knowledge of the industrial sector in country.

The Moroccan Gas Market

With its Moroccan licences, Chariot is perfectly positioned to supply directly into a gas hungry energy market. Gas could be delivered from the offshore directly into domestic power stations via the existing GME infrastructure which is about 40km from the planned processing facility, as well as delivery to industry from Chariot's onshore licence, initially via a virtual pipeline trucking Compressed Natural Gas directly to industrial customers. Morocco, a scalable market with growing industrial hubs, currently imports over 90% of its energy and is heavily reliant on coal as its main source of fuel so lower carbon, domestic gas is a valuable resource. Domestic offtake remains Chariot's priority focus but there is also the opportunity to sell and pipe surplus supply into the continent with direct access into Spain via the GME.

New Venture

The Company intends to try to secure a new multi-billion barrel opportunity in licences adjacent to recent giant discoveries in Africa. This acreage is located in a basin where Chariot has extensive operational and technical expertise as well as a deep understanding of the exploration potential in Namibia. Chariot currently holds a ten percent back in right in its previously operated 2714A & B blocks offshore Namibia. Whilst there is no certainty that the target acreage will be secured, Chariot is progressing this process and further updates will be provided as required. Should Chariot secure the new venture, it intends to partner as quickly as possible and use this partnering process to fund further exploration and a drilling programme.

Transitional Power

Chariot Transitional Power is looking to provide competitive, sustainable, power and reliable water solutions within Africa, with a focus on electricity trading and renewable energy generation projects.

Electricity Trading Licence

Chariot now holds a 49% interest in Etana Energy (Pty) Limited ("Etana") which has become a prominent part of the Transitional Power business. Etana is developing an electricity trading business in South Africa which purchases renewable electricity from many different wind and solar projects and transmits this power via the national grid to a range of industrial, municipal and commercial end users. Multiple Power Purchase Agreements ("PPAs") have already been signed with some of the largest electricity offtakers in country including Growthpoint, Autocast, Petra Diamonds and the V&A Waterfront in Cape Town and progress is ongoing in respect of signing further offtake and renewable generation PPAs. Chariot's involvement in Etana also unlocks the Company's direct equity participation in several significant wind and solar projects in South Africa, growing the business with high quality generation assets.

Power to Mining and Water Projects

Within the power to mining project portfolio, Chariot is focused on providing on site, lower carbon energy solutions to remote mine sites and is working across a pipeline totalling 515MW of generation assets in conjunction with their clients and Total Energies. Operations in Burkina Faso at lamgold's Essakane mine are performing well and the renewable projects under development for Tharisa, First Quantum and Karo Mining continue to progress. Chariot's water business is focused on delivering clean water solutions on the African continent using renewable energy, with the pilot project in Djibouti operating well and further opportunities under evaluation.

Update on Financing and Strategic Review

Management has been looking to secure financing for this division at the subsidiary level to enable its ongoing growth and development of the division with a recent focus on funding around the Etana Energy trading licence and large-scale wind and solar generation assets in South Africa. Offers have been received from a range of South Africa banks, South Africa focused investors and other energy groups and the interest received to date validates the considerable value that can be created in this business. Chariot anticipates it will retain a material stake in this portfolio and the financing will provide a third-party direct look-through valuation. Post completion of any such funding, management will review all strategic options going forward and further updates will follow as appropriate.

Other assets within the division that have a longer-term capital need will also be financed at the subsidiary level in due course.

Green Hydrogen

Within its Green Hydrogen pillar, Chariot is building a portfolio of projects that balance a mix of term production opportunities with long term scalability. The flagship project, Project Nour, is the giga-scale project in Mauritania, which Chariot is developing in partnership with TotalEnergies H2 (TEH2). In addition, various proof of concept projects are progressing, both in Mauritania, with TEH2 looking to decarbonise the SNIM iron ore train, and in Morocco, where testing of electrolyser capacity alongside Oort Energy and UM6P is underway.

Project Nour spans two onshore areas totalling approximately 5,000km² in northern Mauritania. The feasibility study completed in Q1 2024 further demonstrated the viability of this project and confirmed that with up to 10 GW of electrolysis installed, this could become one of the largest green hydrogen projects globally. Working alongside TEH2's One Tech team, the partnership is continuing to progress technical studies and the next step is to sign the Investment Convention with Government which will then lead into the conceptual stage. Management also continues to progress offtake discussions, with a focus on domestic use for green steel production and green ammonia for export, whilst also pursuing financing options at the subsidiary level.

In Morocco, the partnership with Oort Energy and UM6P continues to progress the 1MW electrolysis pilot hosted at OCP's Jorf Lasfar complex, which will be testing the electrolyser within this industrial setting.

Use of Proceeds

The Company is proposing to use the net proceeds of the Fundraising as follows:

Strengthen the balance sheet to continue to progress and deliver value from Chariot's portfolio of projects	US\$2 million (£1.5 million)
Secure a material new venture opportunity with multi-billion barrel potential	US\$2 million (£1.5 million) US\$2 million (£1.5 million)
Progress onshore gas commercialisation plans in Morocco to build a gas to industry supply	
Total	US\$6 million

Any funds raised through the Open Offer will be used to supplement the Group's working capital. As at 30 June 2024, the unaudited cash balance of the Company was US\$3.5 million.

No action has been taken by the Company, the Joint Bookrunners (as defined in paragraph 1.3 below) or any of their respective affiliates, agents, directors, officers or employees that would permit an offer of the Placing Shares or possession or distribution of this Announcement or any other offering or publicity material relating to such Placing Shares in any jurisdiction where action for that purpose is required.

Persons who are invited to and who choose to participate in the Placing (as such term is defined in paragraph 1.1 below) by making an oral or written offer to subscribe for Placing Shares (as such term is defined in paragraph 1.1 below), including any individuals, funds or others on whose behalf a commitment to acquire Placing Shares is given, will be deemed to have read and understood this Announcement in its entirety and to be making such offer on the terms and conditions, and to be providing the representations, warranties, acknowledgements, undertakings and agreements, contained in this Appendix. In particular, each such prospective Purchaser (as defined in paragraph 2.4(a)) represents, warrants and acknowledges that:

1. it is a Relevant Person and undertakes that it will acquire, hold, manage or dispose of any Placing Shares (as such term is defined below) that are allocated to it for the purposes of its business;
2. if it is a financial intermediary, as that term is used in Article 3(2) of the Prospectus Regulation or the UK Prospectus Regulation (as applicable), any Placing Shares acquired by it in the Placing will not be acquired on a non-discretionary basis on behalf of, nor will they be acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of securities to the public other than an offer or resale in the United Kingdom, or in circumstances in which the prior consent of the Joint Bookrunners has been given to each such proposed offer or resale; and
3. it is not in the United States.

The Company and the Joint Bookrunners will rely upon the truth and accuracy of the foregoing representations, warranties, acknowledgments and undertakings. The Joint Bookrunners do not make any representation to the Purchasers regarding an investment in the Placing Shares referred to in this Announcement.

Solely for the purposes of the product governance requirements contained within the FCA Handbook and in particular the Product Intervention and Product Governance Sourcebook and any other UK domestic legislation and measures which implement EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II") and Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II (together, the "UK MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the UK MiFID II Product Governance Requirements) may

otherwise have with respect thereto, the Placing Shares have been subject to a product approval process, which has determined that the Placing Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in the UK MiFID II Product Governance Requirements; and (ii) eligible for distribution through all distribution channels as are permitted by the UK MiFID II Product Governance Requirements (the "Target Market Assessment"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the Placing Shares may decline and investors could lose all or part of their investment; the Placing Shares offer no guaranteed income and no capital protection; and an investment in the Placing Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Placing. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Joint Bookrunners will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of the MiFID II Product Governance Requirements; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares the subject of the Placing. Each distributor is responsible for undertaking its own target market assessment in respect of the shares and determining appropriate distribution channels.

In particular, the offer and sale of the Placing Shares have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any State or other jurisdiction of the United States, and, accordingly, the Placing Shares may not be offered or sold, directly or indirectly, within the United States, except: (i) to "qualified institutional buyers" as defined in Rule 144A under the U.S. Securities Act ("QIBs"); (ii) outside the United States in

"offshore" transactions within the meaning of, and in reliance on, Regulation S; or (iii) otherwise in compliance with an exemption from the registration requirements of the U.S. Securities Act. No public offering of the Placing Shares or any other securities is being made in the United States. No money, securities or other consideration from any person inside the United States is being solicited pursuant to this Announcement, the Placing, or the Bookbuild (as defined below) and, if sent in response to the information contained in the Announcement, will not be accepted. This Announcement is not an offer of securities for sale into the United States.

Accordingly, the Placing Shares may not (unless an exemption under the relevant securities laws is applicable) be offered, sold, resold or delivered or otherwise transferred, directly or indirectly, in or into the United States, Australia, Canada, New Zealand, Japan, the Republic of South Africa or any other jurisdiction outside the United Kingdom or EEA. Any indication in this Announcement of the price at which ordinary shares of £0.01 each in the capital of the Company have been bought or sold in the past cannot be relied upon as a guide to future performance. No statement in this Announcement is intended to be a profit forecast and no statement in this Announcement should be interpreted to mean that earnings per share of the Company for the current or future financial years would necessarily match or exceed the historical published earnings per share of the Company.

1. PLACING, SUBSCRIPTION AND OPEN OFFER

1.1 Chariot Limited (company number 47532) (the "Company"), intends to conduct a placing (the "Placing") and direct subscription (the "Subscription"). Subject to shareholder approval, new ordinary shares of £0.01 nominal value each will be issued to existing and new investors pursuant to the Placing ("Placing Shares") and Subscription ("Subscription Shares") at an issue price ("Issue Price") as determined by the Joint Bookrunners and the Company.

1.2 The Company also intends to conduct an open offer to raise gross proceeds of up to US\$2 million (approximately £1.5 million). Subject to shareholder approval, the new ordinary shares of £0.01 nominal value each (the "Open Offer Shares") are expected to be issued on 14 August 2024 at the Issue Price (the "Open Offer" and, together with the Placing and Subscription, the "Fundraising").

1.3 The Company has appointed Cavendish Capital Markets Limited ("Cavendish") and Stifel Nicolaus Europe Limited ("Stifel") as joint brokers in respect of the Placing and Open Offer (together, the "Joint Bookrunners", and each, a "Joint Bookrunner").

1.4 The terms and conditions set out in this Appendix apply to persons making an offer to subscribe for Placing Shares under the Placing. Each Purchaser shall be deemed to have read the Announcement, and this Appendix, in its entirety.

2. ALLOCATION AND CONDITIONS TO PLACING

2.1 The Placing Shares under the Placing will be issued on the Closing Date (as defined below).

2.2 Participation in the Placing will only be available to persons who may lawfully be, and are, invited to participate by the Joint Bookrunners.

2.3 The number of Placing Shares to be issued and the Issue Price will be finally agreed between the Joint Bookrunners and the Company following completion of the bookbuild being conducted by the Joint Bookrunners to determine demand for participation in the Placing and the Issue Price (the "Bookbuild"). The number of Placing Shares which have been placed and the Issue Price will be announced following the completion of the Bookbuild.

2.4 Acceptances of the Placing and allocations of Placing Shares (including the subscription amount payable) will be as:

(a) confirmed (orally or in writing) with prospective purchasers who are in the United Kingdom (or as the Joint Bookrunners and Company may agree, in any other jurisdiction) by the respective Joint Bookrunner (or their broker dealers or their agents as agent of the Company). That confirmation constitutes an irrevocable legally binding commitment of that person (who will at that point become a purchaser ("Purchaser")) to subscribe for the number of Placing Shares allocated to it on the terms

and conditions set out in this Appendix (a copy of this Appendix having been provided to the Purchaser prior to or at the same time as such confirmation) and in accordance with the Company's articles of association; or

(b) (unless paragraph 2.4(a) applies) by the completion and return of such letter of confirmation and registration or other forms as the Joint Bookrunners or their agents may in their absolute discretion require and in that event the terms and conditions set out in such letter of confirmation and registration or other form shall apply to the exclusion of this Appendix.

2.5 The Bookbuild is expected to close no later than 7.00 am on 22 July 2024 but may be closed earlier or later at the discretion of the Joint Bookrunners. The Joint Bookrunners may, in agreement with the Company, accept bids that are received after the Bookbuild has closed. The Company reserves the right to reduce or seek to increase the amount to be raised pursuant to the Placing, in its absolute discretion.

2.6 The Joint Bookrunners may choose to allocate Placing Shares at their discretion (in consultation with the Company) and may scale down any bids for Placing Shares made by prospective Purchasers for this purpose on such basis as they may determine. The Joint Bookrunners may also, notwithstanding paragraph 2.5 above, subject to the prior consent of the Company: (a) allocate Placing Shares after the time of any initial allocation to any person submitting a bid after that time; and (b) allocate Placing Shares after the Bookbuild has closed to any person submitting a bid after that time.

2.7 For the avoidance of doubt, a bid in the Bookbuild will be made on the terms and subject to the conditions in the Announcement and this Appendix and will be legally binding on the prospective Purchaser on behalf of which it is made and, except with the consent of the respective Joint Bookrunner, will not be capable of variation or revocation after the time at which it is submitted. Any acceptance of the Placing constitutes a Purchaser's irrevocable legally binding agreement, subject to the Placing and Open Offer Agreement (as defined below) not having been terminated, to pay the aggregate settlement amount of the Placing Shares regardless of the total number of Placing Shares (if any) subscribed for by any other investor(s).

2.8 By participating in the Bookbuild, each Purchaser agrees that its rights and obligations in respect of the Placing will terminate only in the circumstances described in paragraph 4 below, and will not be capable of rescission or termination by the Purchaser.

2.9 In making an investment decision, Purchasers must rely on their own examination of the Company and its prospects and the terms of the Placing, including the merits and risks involved in investing in the Placing Shares.

2.10 Irrespective of the time at which a Purchaser's allocation pursuant to the Placing is confirmed, settlement for all Placing Shares to be acquired pursuant to the Placing will be required to be made at the same time, on the basis explained below under "Registration and Settlement."

2.11 Settlement will occur on a date to be advised but expected to be on or around 14 August 2024 ("Closing Date").

2.12 To the fullest extent permissible by law and applicable FCA rules, none of (a) the Joint Bookrunners, (b) any of their affiliates, agents, directors, officers, employees, (c) to the extent not contained within (a) or (b), any person connected with the Joint Bookrunners as defined in the FSMA ((b) and (c) being together "affiliates" and individually an "affiliate" of the Joint Bookrunners), or (d) any person acting on behalf of the Joint Bookrunners, shall have any liability (including to the extent permissible by law, any fiduciary duties) to any Purchaser or to any other person whether acting on behalf of a Purchaser or otherwise. In particular, neither of the Joint Bookrunners nor any of their respective affiliates shall have any liability (including, to the extent permissible by law, any fiduciary duties) in respect of their conduct of the Placing and Open Offer or of such alternative method of effecting the Placing and Open Offer as the Joint Bookrunners and the Company may agree.

3. SHARES AND QUOTATION

3.1 The New Ordinary Shares will be issued fully paid and will rank equally, from the date of issue, in all respects with the Company's existing issued ordinary shares, including the right to receive all dividends and other distributions declared, made or paid in respect of such ordinary shares after the date of issue of the Placing Shares, Subscription Shares and Open Offer Shares.

3.2 Application will be made to London Stock Exchange plc for admission to trading of the New Ordinary Shares on AIM ("Admission"). It is anticipated that Admission will become effective on or around 14 August 2024 and that dealings in the Placing Shares, Subscription Shares and Open Offer Shares will commence at that time.

4. PLACING AND OPEN OFFER AGREEMENT

4.1 On 19 July 2024, the Company and each of the Joint Bookrunners entered into a placing and open offer agreement in connection with the Placing and Open Offer (the "Placing and Open Offer Agreement"). Pursuant to the Placing and Open Offer Agreement, each of the Joint Bookrunners has agreed to use their respective reasonable endeavours to place the Placing Shares with prospective Purchasers.

4.2 The Joint Bookrunners' obligations under the Placing and Open Offer Agreement in respect of the Placing Shares and Open Offer Shares are conditional, *inter alia*, on:

(a) the Company procuring that the Circular and the notice of a general meeting of the shareholders of the Company to approve the Resolutions (as defined below) is sent to shareholders by no later than 24 July 2024;

(b) shareholder approval of the resolutions necessary to issue the New Ordinary Shares for cash on a non-pre-emptive basis pursuant to (inter alia) the Placing, the Subscription and the Open Offer (the "Resolutions");

(c) none of the warranties contained in the Placing and Open Offer Agreement being untrue, inaccurate or misleading as at the date of the Placing and Open Offer Agreement and at all times before and at the date of Admission;

(d) the publication of this Announcement through a Regulatory Information Service by no later than 8.00 a.m. on the date of the Placing and Open Offer Agreement or such other time and/or date as may be agreed in writing between the Company and the Joint Bookrunners;

(e) the Company allotting, subject only to Admission, the Placing Shares and the Subscription Shares in accordance with the Placing and Open Offer Agreement;

(f) Admission taking place not later than 8.00 a.m. on 14 August 2024 or such later date as the Company and the Joint Bookrunners may otherwise agree but not being later than 8.00 a.m. on 30 August 2024;

(g) the Subscription Agreements having become unconditional in all respects (save in relation to Admission); and

(h) there having been since the date of the Placing and Open Offer Agreement no development or event which will or is likely to have a material adverse effect on the Company (or of its subsidiaries).

4.3 If: (i) any of the conditions contained in the Placing and Open Offer Agreement in relation to the Placing Shares are not fulfilled or waived (if capable of being waived) by the Joint Bookrunners by the respective time or date where specified (or such later time or date as the Company and the Joint Bookrunners may agree); (ii) any of such conditions becomes incapable of being fulfilled; or (iii) the Placing and Open Offer Agreement is terminated in the circumstances specified below, the Placing in relation to the Placing Shares will lapse and the Purchaser's rights and obligations hereunder in relation to the Placing Shares shall cease and terminate at such time and each Purchaser agrees that no claim can be made by the Purchaser in respect thereof.

4.4 The Joint Bookrunners may, at their absolute discretion and upon such terms as they think fit, waive, or extend the period for, compliance by the Company with the whole or any part of any of the Company's obligations in relation to the conditions in the Placing and Open Offer Agreement save that the conditions relating to Admission, the allotment and issue of the Placing Shares (subject only to

Admission) and shareholder approval may not be waived. Any such extension or waiver will not affect Purchasers' rights and obligations under the terms and conditions set out in this Appendix.

4.5 Neither of the Joint Bookrunners nor the Company shall have any liability to any Purchaser (or to any other person whether acting on behalf of a Purchaser or otherwise) in respect of any decision they may make as to whether or not to waive or to extend the time and/or date for the satisfaction of any condition to the Placing nor for any decision they may make as to the satisfaction of any condition or in respect of the Placing generally and by participating in the Placing each Purchaser agrees that any such decision is within the absolute discretion of the Joint Bookrunners.

4.6 Each of the Joint Bookrunners is entitled, at any time before Admission, to terminate the Placing and Open Offer Agreement by giving notice to the Company in certain circumstances, including, inter alia, a breach of the warranties given to the Joint Bookrunners in the Placing and Open Offer Agreement, the failure of the Company to comply with obligations under the Placing and Open Offer Agreement, or if an event has occurred which, in the opinion of the Joint Bookrunner (acting in good faith), constitutes or is likely to cause a material adverse change or on the occurrence of certain force majeure events. Following Admission, the Placing and Open Offer Agreement is not capable of rescission or termination.

4.7 The rights and obligations of the Purchasers shall terminate only in the circumstances described in these terms and conditions and will not be subject to termination by the Purchaser or any prospective Purchaser at any time or in any circumstances. By participating in the Placing, Purchasers agree that the exercise by a Joint Bookrunner of any right of termination or other discretion under the Placing and Open Offer Agreement shall be within the absolute discretion of that Joint Bookrunner, and that it need not make any reference to Purchasers and that it shall have no liability to Purchasers whatsoever in connection with any such exercise.

5. NO UNDERWRITING

The Fundraising is not being underwritten by any party.

6. RELATIONSHIP OF THE JOINT BOOKRUNNERS

6.1 The obligations of each Joint Bookrunner in connection with the Placing and Open Offer (including any payment obligation) are several, and not joint, nor joint and several. A right of a Joint Bookrunner in connection with the Placing and Open Offer (including any rights under the Placing and Open Offer Agreement) is held by that Joint Bookrunner severally and each Joint Bookrunner may exercise its rights, powers and benefits in connection with the Placing and Open Offer separately and individually.

6.2 A Joint Bookrunner will not be responsible for the performance obligations of the other Joint Bookrunner and will not be liable for any claims, damages or liabilities arising out of the actions taken,

omissions of or advice given by the other Joint Bookrunner. Any breach, non-performance or default by a Joint Bookrunner will not constitute a breach, non-performance or default of the other.

6.3 Nothing contained or implied hereby or by acceptance of the Placing or Open Offer constitutes a Joint Bookrunner acting as the partner, agent or representative of the other Joint Bookrunner for any purpose or creates any partnership, agency or trust between the Joint Bookrunners, and no Joint Bookrunner has any authority to bind another Joint Bookrunner in any way.

6.4 Neither of the Joint Bookrunners will be liable for any loss, damage or claim arising out of the actions taken or advice given by the other Joint Bookrunner. In addition, the rights of a Joint Bookrunner and the Beneficiaries (as defined below) in respect of that Joint Bookrunner under the representations, warranties, acknowledgements and undertakings set out below will in no way be affected by the actions taken or alleged to have been taken or advice given or alleged to have been given by the other Joint Bookrunner or its Beneficiaries.

7. OFFER PERSONAL

The offering of Placing Shares and the agreement arising from acceptance of the Placing is personal to each Purchaser and does not constitute an offering to any other person or to the public. A Purchaser may not assign, transfer, or in any other manner, deal with its rights or obligations under the agreement arising from the acceptance of the Placing, without the prior written agreement of the Joint Bookrunners in accordance with all relevant legal requirements.

8. NO PROSPECTUS

8.1 No offer document or prospectus has been or will be delivered to the Financial Conduct Authority ("FCA") or any competent authority of any relevant member state of the EEA in relation to the Placing, and a Purchaser's commitments will be made solely on the basis of the information contained in the Announcement released by the Company today which this Appendix forms part of.

8.2 Each Purchaser, by making an offer to subscribe for Placing Shares, agrees that the content of this Announcement (including this Appendix) is exclusively the responsibility of the Company and confirms that it has neither received nor relied on any other information, representation, warranty, or statement made by or on behalf of the Company or the Joint Bookrunners or any other person and none of the Company or the Joint Bookrunners nor any other person will be liable for any Purchaser's decision to participate in the Placing based on any other information, representation, warranty or statement which Purchasers may have obtained or received, and if given or made, such information, representation, warranty or statement must not be relied upon as having been authorised by the Joint Bookrunners, the Company or their respective officers, directors, employees or agents. Each Purchaser acknowledges and agrees that it has relied on its own investigation of the business, financial or other position of the Company in accepting a participation in the Placing. Neither the Company nor the Joint Bookrunners make any undertaking or warranty to any Purchaser regarding the legality of

any investment in the Placing Shares by such Purchaser under any legal, investment or similar laws or regulations. Each Purchaser should not consider any information in this Announcement to be legal, tax or business advice. Each Purchaser should consult its own solicitor, tax adviser and financial adviser for independent legal, tax and financial advice regarding an investment in the Placing Shares. Nothing in this paragraph shall exclude the liability of any person for fraudulent misrepresentation.

9. REGISTRATION AND SETTLEMENT

9.1 Settlement of transactions in the Placing Shares will, unless otherwise agreed, take place on a delivery versus payment basis within the CREST system administered by Euroclear UK and International Limited ("CREST").

9.2 The Company will (or will procure its registrar or transfer agent to) deliver the Placing Shares to CREST accounts operated by the respective Joint Bookrunner for the Company and the Joint Bookrunners will enter their respective delivery (DEL) instructions into the CREST system. The input to CREST by each Purchaser of a matching or acceptance instruction will then allow delivery of the relevant Placing Shares to that Purchaser against payment.

9.3 Each Purchaser allocated Placing Shares in the Placing will be sent a conditional trade confirmation stating the number of Placing Shares and the subscription amount payable to be allocated to it and will be required to provide the Joint Bookrunners with funds sufficient to purchase such securities prior to the Closing Date.

9.4 Each Purchaser is deemed to agree that, if it does not comply with these obligations, the Company may sell any or all of the Placing Shares allocated to that Purchaser on such Purchaser's behalf and retain from the proceeds, for the Company's account and benefit, an amount equal to the aggregate amount owed by the Purchaser plus any interest due. The relevant Purchaser will, however, remain liable for any shortfall below the aggregate amount owed by it and may be required to bear any stamp duty or stamp duty reserve tax (together with any interest or penalties) which may arise upon the sale of such Placing Shares on such Purchaser's behalf.

9.5 Subject to the passing of the Resolutions, it is expected that settlement will take place on or about 14 August 2024 in CREST in accordance with the instructions set out in the conditional trade confirmation.

9.6 The Company reserves the right to require settlement for and delivery of the Placing Shares (or a portion thereof) to any Purchaser in any form it requires if, in the Joint Bookrunners' or the Company's opinion, delivery or settlement is not possible or practicable within CREST or would not be consistent with the regulatory requirements of the Purchaser's jurisdiction.

9.7 Each Purchaser agrees that it will do all things necessary to ensure that delivery and payment is completed in accordance with the applicable registration and settlement procedures, including if

applicable, CREST rules and regulations and settlement instructions that it has in place with the respective Joint Bookrunner.

9.8 If Placing Shares are to be delivered to a custodian or settlement agent, Purchasers should ensure that the conditional trade confirmation is copied and delivered immediately to the relevant person within that organisation. Each Purchaser shall ensure that, insofar as Placing Shares are registered in a Purchaser's name or that of its nominee or in the name of any person for whom a Purchaser is contracting as agent or nominee, such person shall not be a person who is or may be liable to any UK stamp duty or stamp duty reserve tax or securities transfer tax.

9.9 Interest is chargeable daily on payments to the extent that value is received after the due date at the rate per annum of 4 percentage points above the Barclays Bank plc base rate.

10. REPRESENTATIONS AND WARRANTIES

10.1 Each Purchaser and prospective Purchaser (and each person acting on its behalf) represents, warrants, acknowledges and undertakes for the benefit of the Company, each of the Joint Bookrunners and the respective officers, employees and advisers of the Company and of each of the Joint Bookrunners, and any person acting on behalf of any of them (each a "Beneficiary" and together the "Beneficiaries") as follows:

(b) if it is a Purchaser in a member state of the EEA it:

- (i) is a Qualified Investor as defined under the Prospectus Regulation; and
- (ii) understands, recognises and acknowledges that no prospectus has been or will be approved in connection with the Placing by any competent authority of any relevant member state of the EEA; or
- (iii) if it is not in a member state of the EEA but is acting for the account of a Purchaser in a member state of the EEA, that each of subparagraphs (i) and (ii) applies in respect of each such Purchaser;

(c) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) relating to the Placing Shares in circumstances in which section 21(1) of the FSMA does not require approval of the communication by an authorised person. For the avoidance of doubt, the Purchaser has not made and will not make any offer to the public of the Placing Shares for the purposes of section 102B FSMA;

(d) if it is in a jurisdiction outside the United Kingdom or the EEA, it is a person to whom the Placing or an invitation to subscribe for the Placing Shares in the manner contemplated by this Appendix and any communication or correspondence therewith is permitted by the laws of the jurisdiction in which it is situated or from where the Purchaser submitted its bid to subscribe for Placing Shares and it is a person to whom the Placing Shares can lawfully be offered and issued under all applicable laws, without the need for any approval, registration, filing or lodgement of any kind, including a prospectus or other disclosure document;

(e) without prejudice to paragraph (d) above, if the Purchaser is in Hong Kong it is (i) a "professional investor" within the meaning of the Securities and Futures Ordinance of Hong Kong (Cap 571) and any rules made thereunder, and (ii) acquiring the Placing Shares for its own account (or an account as to which it has full investment discretion) for investment purposes and (subject to the disposition of its property being at all times within its control) not with a view to any distribution of the Placing Shares;

(f) without prejudice to paragraph (d) above, if the Purchaser is in the Republic of South Africa it is an investor who falls within one of the specified categories listed in Section 96(1)(a) of the South African Companies Act, 2008 (as amended) (the "SA Companies Act") and that it will, to the extent applicable, be liable to obtain any exchange control approval required by the South African Reserve Bank in relation to the issue to it of the Placing Shares or payment by it of the issue price for the Placing Shares;

(g) it (and any account for which it is purchasing) (i) is outside the United States, (ii) is acquiring the Placing Shares in an offshore transaction (as this term is used in Regulation S), and (iii) understands

(h) time shall be of the essence as regards obligations pursuant to this Appendix;

(i) unless otherwise specifically agreed in writing with the Joint Bookrunners, neither it nor the beneficial owner of such Placing Shares is or will be a resident of, or subject to the laws of the United States, Australia, Canada, Japan, New Zealand or the Republic of South Africa, or will otherwise be considered a U.S. Person;

The agreement to settle a Purchaser's subscription (and/or the subscription of a person for whom such Purchaser is contracting as agent) free of stamp duty and stamp duty reserve tax depends on the settlement relating only to the subscription by it and/or such person direct from the Company for the Placing Shares in question. (zz) the Joint Bookrunners or any of their affiliates may, at their absolute discretion, agree to become a Purchaser in respect of some or all of the Placing Shares;

(aaa) when a Purchaser or person acting on behalf of the Purchaser is dealing with the Joint Bookrunners, any money held in an account with any of the Joint Bookrunners on behalf of the Purchaser and/or any person acting on behalf of the Purchaser will not be treated as client money within the meaning of the rules and regulations of the FCA made under FSMA;

(bbb) it acknowledges that the money will not be subject to the protections conferred by the client money rules and as a consequence, this money will not be segregated from the relevant Joint Bookrunners' money in accordance with the client money rules and will be used by the relevant Joint Bookrunner in the course of its own business; and the Purchaser will rank only as a general creditor of the Joint Bookrunner;

(ccc) it acknowledges that all times and dates in this Announcement may be subject to amendment and the Joint Bookrunners shall notify the Purchasers and any person acting on behalf of the Purchasers of any changes;

(ddd) that past performance is no guide to future performance and persons needing advice should consult an independent financial adviser;

(eee) all obligations entered into by the Purchaser pursuant hereto with the Joint Bookrunners are entered into with them as agent for the Company and are therefore enforceable directly by the Company;
